

Life to the Full – What one course can do

An 18 week course on the foundations of Christian Faith and living.

Is it Simple? The answer to that is a resounding YES. Why make it complicated? Jesus always responded with simple words, they were always profound and always demanded a response. The tool of SEAN presents God's Word in a way that everyone can understand and respond to, learn from and more importantly apply to their lives. What is your experience of it? Please send in testimonies of how Life to the Full has brought you closer to the Lord. Here are some more **testimonies from Rev Daniel ...Padre in the British Army in Germany** and more on the Uganda page.

SEAN UK

**Making a
Difference
In the UK
And Uganda**

Autumn 2017

"John had served as a soldier for over 12 years in many dangerous places when the unexpected death of his sister in England caused him to ask life's biggest questions. He started attending Church which just "felt right" despite him having never been interested in religion previously. He said it made him feel closer to his sister. When I met him he was comfortable attending Church but didn't really understand what was happening, or even what he believed. I suggested we started to read through S.E.A.N.'s "Life to the Full" which he tentatively agreed to. I had assumed that he had already made a commitment to Christ, but in the first lesson he answered firmly that he had never asked Jesus to come in to his life as Saviour and Lord. Through the Bible verses in the first chapter, I explained to him what it meant to receive Jesus and believe in His Name" (John 1:12) and he prayed with me to ask Jesus into his life. We continued to work through the book, week-by-week until he was posted back to the UK"

Ordering Courses

Please allow sufficient time to order your books as some stock is despatched direct from the printers and other courses from our store.

Web Site

We are working on a new website which we hope will be up and running by early next year.

Courses

Redesign and updating of courses takes many hours and financial commitment but we are working on it. Thank you for your patience.

"Joanne came to visit me to ask if her baby son could be baptised. She explained that she wasn't a Christian herself but she thought it was the "right thing to do". She told me that she had always wanted to be a Christian but that her parents had told her not to bother with religion.

I suggested we should start to study S.E.A.N.'s "Life to the Full" together. She agreed and gave her life to the Lord during our first lesson. Though she has lots of questions and misconceptions about the faith, I am confident that she will grow in the faith through S.E.A.N.'s Biblical material".

A Visit to Scotland, to meet SEAN groups in Perth, Dunfermline and Glasgow

Just some of the lovely people we met on our visit to Scotland. Left: Checking through the Farsi Life to the Full Course with Asylum seeker, A.K. and Lilian. Above: Doug, Rob, Kirsten, Lilian, Frances and Liz running SEAN courses in Perth, Aberdeen and Glasgow.

Training - A Vision for Life

We are available to visit your Church to help you get the most out of the SEAN courses and incorporate them into Church Life. Contact us if you would like a visit, training workshop, support and encouragement or if you would like us to share about the SEAN ministry in the UK and Uganda at your church service.

We took the opportunity to take Kirsten to visit Pastor Roy Humphries in Dunfermline who has been running a yearly rolling programme for 21 years in his church using The Life of Christ Course in Mathews Gospel. He is the longest running SEAN user in the UK.

What an amazing achievement.
Well Done Roy

I asked Kirsten what she thinks makes SEAN stand out above other discipleship material. This is what she said.....

- I believe it is God-inspired
- When you turn your computer off it doesn't disappear - it's still there on the table
- You physically have to learn to handle the Bible when marking things. There are too many Christians who don't know how to look things up in the Bible, and if you mention Habakkuk, they'd have a hairy canary!
- Many people are not computer orientated
- There is the discipline of home study and weekly group work
- Within the groups you form close bonds where sharing and accountability can be more open and realistic
- It is good for any educational ability, but also it doesn't really matter how long you have been a Christian - there's lots to learn
- In our wee MANNA HOUSE group it has led to a lot of caring about each other
- It helps develop potential leadership skills
- It puts things that you kind of know about into concise and easy explanations
- Groups are small, intimate and fixed - something missing in today's society and church society. You have to be there! If you are not, the others ask about you!

Emerging Revival for God's Word in Uganda

- Is gaining momentum
- Is spreading and growing
- Is changing lives
- Is bringing people to faith
- Is being met through the tool of SEAN which is
- Growing leaders
- Bringing discipleship to every age and sector of society
- Developing missionaries
- Training Leaders to enable them to train others
- Bringing an excitement for God's Word
- An answer to the prayers and longings of Pastors and Leaders
- Training in excess of 16,000 students to the end of this year

Daniel Writes: The Christian church in Uganda has in the recent past been infested with many false teachers and false prophets, hence Church leaders' great reception to the SEAN discipleship programme. This is why I strongly feel a revival is boiling in the Christian church in Uganda hence the more relevance of the SEAN ministry now. Important to note so far is that the SEAN ministry is enjoying great welcome among the grassroots churches. Personally I attribute this reception to **the fervent prayers of our many partners in ministry**, the simplicity of the SEAN ministry methodology and the great thirst for quality fellowships and Bible studies among churches in Uganda. It's a big honour to always be part of this great ministry. **However I cannot imagine what this ministry would be like without the great support of our valued partners.** May the Name of the Lord be glorified even as he rewards the generosity of the SEAN Uganda ministry supporters.

One lay reader said "The SEAN materials are an answer to our prayers. We have long waited to have programmed materials in our church. I can see the SEAN materials will empower us for service rather than take away the pastoral oversight".

Rev Christopher said: "the SEAN courses are going to help in training local missionaries. He was excited to learn from 2Tim 2:2 that this study would help him to train leaders who will then train others. He sends out missions from the church to different places across East Africa. He said he would not be comfortable sending out his people on missions who have not taken the Life to the Full course".

Rob and Daniel's time together was divided between overseeing the building work and setting up training in various Dioceses across Uganda. From this training and the further training that Daniel has completed in August and September, many hundreds have been trained as tutors and hundreds more as students. Some doctors, teacher's nurses, business men, accountants, widows and housewives, young and elderly, missionaries and youth workers. All ages and sectors of society. It's all about people and the testimonies of changed lives keep us going in our vision to serve Uganda.

Please keep praying

Newsletters written over 2 months during Rob's trip can be found on our website.

During the general Discipleship training for all students, the members studied Lesson one of the Life to the full course. At the end of the trainings, one lady renewed her Christian commitment to the message in the first lesson of the new birth in John 1 V12. She confessed that she had fallen away from The Lord in "many ways" but had been challenged by the first lesson of the new birth. It was amazing to have fruits to bear right from the inception day of the discipleship programme.

Ndejje Resource Centre

The progress over two months on the building work has been staggering. We still have a way to go though and need to finish the Managers House/Office and the Medical Centre as soon as possible. To do this we need more funds. If anyone knows of funding agencies that would help us please let me know by contacting the address below.

Manager House/Office: Built to top level. To finish we need a roof, fixtures and fittings.

Medical Centre: Built to roof level. To finish we need a roof, fixtures and fittings and medical equipment.

Community Centre: Plans completed waiting for foundations to be dug.

We give the Glory to God for this major achievement and look to His provision to complete these buildings.

Praise the Lord for what is happening in Uganda. Thank you for all your prayers love and support
