

Good News It's time to celebrate We are moving forward again

Praise God He has heard our cries and provided the funds to complete the Mangers House, Office, Medical Centre and enough money to buy Luganda Bibles for the Ssesse Islands. Building will start again at the end of January and the expected completion date is the end of April. Rob will be in Uganda for 4 weeks in March to oversee this work, hopefully followed by Jacqui and Nicky on the fourth week. What a time of praising the Lord we will have as we help to move Daniel and Rebecca into their new home and set up the new office. When the buildings are finished we will start plans on the Community Centre/Pastor Training Centre and then the Guest House. The Guest House will have 14 rooms and will be able to receive visitors such as missionaries, educationalists, lecturers, Pastors, and visitors to Uganda from around the world and the income from this will enable the Programme and Project towards self-sustainability. We will employ people from the adjoining village of Ndejje to cook and waitress, clean, laundry, office administration and maintenance as part of our Ndejje Resource outreach programme. We give thanks to the Lord for His goodness. Every blessing Rob and Jacqui

Prison Ministry News

Daniel has received a phone call from the prison commissioner from the Uganda Government to acknowledge the important role that the SEAN materials are having within the prisons. They are evaluating and streamlining Christian Ministries to be allowed in prisons in 2018 on a wider basis and he has requested more involvement from SEAN Uganda. They are opening new prison centres for ministry this month. In order for us to take up this challenge we need to raise further funds to be able to supply course material.

Pastor John has been reaching out to the prisoners in Kasese and some of them have become members of his church, some requesting counselling and some prison officers are doing personal study. The SEAN courses have also helped the Church in mobilisation and spiritual growth and will be promoted amongst the other Churches in the area. Daniel says: We have open doors and have secured the mandate to expand the SEAN ministry into Uganda prisons. We have been reaching out to eight prisons in the last three years but we now have a call from prison leaders to expand to over twenty prisons.

We estimate an average demand of 30,000 books this year for prison work and Churches.

In March, we so look forward to hosting our SEAN Uganda Director Robert Brown and Jacqui Brown, and Nicky, both of whom are actively serving on the SEAN Uganda Board of Trustees. Among the things we plan with them include; Board meeting, assess progress of our four year organizational strategic plan, visiting SEAN groups in Namirembe main land and Ssesse Island, witness completion of the first phase of building work at Ndejje Resource Centre. We pray to God to avail their needed funds for the time they will come out to serve us. We thank God for all the ministry support in the course of 2017. We trust God's leading as we continue training and availing the SEAN discipleship materials to more Churches and prison centres as are applying to and calling on us each day".

Rob and Daniel in July last year getting up to some high antics on the first floor section of the house with the village of Ndejje in the background

We are so grateful for all the support you have given to this vision and mission that has brought it to this point. If you feel inspired by the Lord to help further then these are the immediate needs.

Travel Costs	£3,000.00
Course printing for Prison Ministry and Churches to May 2018	£3,000.00

Any contribution to these costs will be of valuable help as we continue to serve Uganda as best we can.

Of course prayer is most important Please support us in prayer for safety, resources, health, wisdom, printing needs, Ssesse Islands ministry, Rev Edward, Daniel and Rebecca, expansion and growth in the Namirembe Diocese, Rev Paul, Kasese Church, the Prison ministry and SEAN students.

Daniel Writes "The last group of churches enrolled in the SEAN programme are progressing well. Holy Trinity Church in Makerere and St. Steven Church Buwambo, both Anglican Churches in Kampala and Namirembe Dioceses have registered early vivid signs of Christian growth in the last three months of using the Life to the Full SEAN material. Rev. Mugabi Christopher of Makerere reports vivid growth in Christian doctrinal understanding and fervent prayer life among the SEAN group members of his Church. Samuel, the leader in the church at Buwanbo reports a very positive response to Church mission activities and easy Church mobilization, since the SEAN studies commenced a few months ago. **"Church Ministry is becoming smoother everyday with the growing number of true disciples"** says Samuel a lay reader. Other printing needs include Luganda version of Pure Gold which we need urgently in order to meet the needs of over 15,000 students in Ssesse Island and other parts of Namirembe, Luweero, Mityana, and central Uganda areas. Completion of Life to the full and Pure Gold Translation into Luganda is now at its final levels. We hope to be ready for first testing of this material by the first week of February, thus the need for copies to be printed.

Thus far has the Lord led us and we Praise His name.
